

Cold Room 120x150x220

Cold Room Panels

Product Features

- Only panels - without cooling unit
- Interlocking connection system
- 120 mm panel insulation
- Many customisation possibilities
- Easy access to products
- Easy assembly
- Anti-slip floor in SS304 stainless steel
- Shelves available as accessory
- Ramp available as accessory for easy access

TEFCOLDs cold room panels are quick to assemble with an easy interlocking system. The interchangeable modular panels allow different positioning of the door, so you can build the room to fit your space.

Our range of cold room panels are equipped with an effective polyurethane insulation. Combine the panels with one of our energy efficient monoblock refrigeration units for high cooling performance and low energy consumption.

In terms of accessories, you have the option of a ramp to provide easy access with lightweight trolleys and bakery racks (the room is not suitable for pallet jacks/pallet trucks). We also offer shelf rack system kits for optimizing storage space. We also offer cold room panels with a wide door (see WD models). The panels are not suitable for outdoor use.

Measures and Content

Gross / Net Weight	kg	257 / 240
