

UR200X1

Undercounter Refrigerator

Product Features

- Stainless steel exterior
- Integrated handle
- Fan assisted cooling
- Adjustable shelves
- Digital controller and temperature display
- Adjustable feet with rollers to rear
- Lock

Low-energy undercounter refrigerator, stainless steel

The TEFCOLD UR200X1 is a classic undercounter refrigerator with an impressively low energy consumption. In fact, it uses 47% less energy than the standard UR200 models. Each unit features an integrated handle and adjustable wire shelves holding up to 15 kg each, offering flexible storage. These undercounter fridges include fan-assisted cooling and a digital thermostat for easy temperature control.

Available in various colours and sizes, the UR range offers both solid and glass door models. For freezers, see our UF range.
