Counter top glass door freezer

The UF-G range are compact and adaptable counter top freezers with a glass door, which is perfect for presenting and selling various frozen foods, such as ice cream tubs and lollies. Its small size makes it a great fit for placement near checkout areas, where it can tempt customers into making impulsive purchases. Additionally, its self-closing door helps to maintain a consistent temperature and preserve the quality of the displayed items. Furthermore, the door glass is heated to help prevent the build-up of condensation, ensuring maximum visibility of the products inside. This unit is fitted with a rear spacer to ensure it is not placed against a wall, to ensure maximum airflow
