

DB302S

Backbar Cooler

Product Features

- Double glazed tempered glass
- Ventilated cooling for fast pull-down and even temperature
- LED interior light
- Adjustable wire shelves
- Easy access electronic thermostat
- Automatic defrost
- Adjustable feet
- Lock

Backbar with sliding doors

Keep your bar running smoothly with a competitively priced backbar cooler built for busy bars, restaurants, and cafés. It has a black exterior and anthracite interior for a modern look, while LED lighting highlights the beverages on display. Adjustable wire shelves can be organized to fit cans or tall bottles, and the plastic coating makes life easier for the staff who has to keep the backbar clean.

Ventilated cooling pulls the temperature down fast after a restock and keeps the temperature even from corner to corner, so you can keep up with customer demand. An easy-access electronic thermostat lets staff set and check temperatures with confidence.

Simple to use, easy to clean, and ready for daily service – this backbar cooler helps your team serve faster and sell more.
