Flexible island cooler for driving impulse sales

The UHD201 /Black is the number one unit, when it comes to flexible refrigeration solutions for retail environments. You can use it as a freezer for ice cream during the summer and switch it to cooling when the seasons change. It comes with strong castors meaning you can easily move it to a new location within your store when changing the product selection.

The island cooler/freezer offers an impressive amount of storage space compared to its size. It has glass on all four sides as well as glass sliding lids for great product visibility, no matter which direction the customer sees it from. Below the glass sides, there is ample space for applying customized branding.
