- Great product presentation
- Extra shelf space
- LED interior light
- Adjustable shelves
- Fan assisted cooling
- Reversible door (spare part 12850 needed)
- Adjustable feet with rollers to rear

Energy-efficient glass door chiller

Designed to provide a more premium feel for a display fridge, the CEV435 is the more energy efficient version of the CEV425.

It features a black interior and exterior. It has the benefit of twin vertical LED lighting (one strip down each side of the interior of the door frame). This provides exceptional lighting to showcase the front of the products, while many cabinets light produce from the side or the top. Excellent for display of craft beers, ciders, sports and energy drinks setting your display apart from the rest.

Measures and Content

Temperature Range	°C	+2 to +10
Climate Class		4
Net Volume	l	345
Gross Volume	l	358
Gross / Net Volume	l	358 / 345
