As the drawers of the two drawer version are operated independently, one can be used as a chiller while the other is set as a freezer if required. Ideal for busy kitchens where you require chilled or frozen food immediately to hand for food preparation. Drawers accept gastronorm pans up to 150mm deep (drawers can be used with or without gastronorm pans). UD2-2 Accepts 2x 1/1 gastronorm pans per drawer. Top is suitable for a range of appliances.
