#### Stainless steel wine cooler

The TFW Stainless Steel Wine Cooler allows you to showcase wine bottles in a contemporary way. The wine cooler has a black exterior and a stainless steel door frame and handle. The clear glass door, the black interior and the LED lighting give the cabinet a fresh and modern look, and the slide out wooden shelves are as handsome as they are practical. In addition to the design features, the cabinet also offers a modern cooling system that reduces the heat, noise, and energy consumption of the wine cooler. This model has two temperature zones which can be set with a maximum of 10°C difference, meaning you can store e.g. white wine at 7°C in one zone and red wine at 17°C in the other zone.
