1 door display freezer, black

The Atom Maxi range of black glass door freezers is available in 1, 2 or 3 door options. Edge-to-edge "frameless" self-closing glass doors, a black interior/exterior together with excellent storage capacity makes it ideal for all types of frozen food displays. The canopy-less design makes it a favourite choice for shopfitters who use it in convenience stores, delis and butchers where a frozen selection gives customers extra choice. A fully automatic refrigeration system ensures the unit will not ice up under normal conditions, while vertical LED lighting on the black interior helps present the produce to customers in the best light. The Atom Maxi provides a competitively priced solution to introduce frozen food to your customers. There is also a matching chiller option available, and the unit is often used alongside the Galaxy+ multideck.
