- Glass front lifts up for easy cleaning
- Temperature Class 3M1
- Ventilated cooling
- Anti mist front glass
- LED top light
- Stainless steel bumper bars
- Stainless steel rear shelf
- Can be multiplexed with kit (POA)

90° corner module for serve over counter

This SOCA corner module is crafted to seamlessly integrate with other serve-over counters from the same collection, as a combination. This specific model is narrow out towards the customer and more wide towards the staff side. We also offer a model with the opposite dimensions, depending on which way you would like your counter to turn. This high-quality serve over counter offers a sleek design featuring anti-mist glass, LED top lighting, and a spacious stainless steel deck that stays chilled thanks to ventilated cooling and airholes on the rear of the deck. It's ideal for butcher shops and delis looking for gorgeous display space. In addition to it's good looks, it's also practical and easy to clean with a stainless steel interior and front glass that lifts upwards and stays in place while cleaning. Be aware that if the corner module is installed along with another SOC counter, you cannot open the front glass on both units at the same time or you risk ruining the glass.

Measures and Content

Total Display Area	m²	1.07
Temperature Range	°C	0 to +4
Climate Class		3
Gross / Net Weight	kg	235 / 190
Gross / Net Volume	l	345
