Modern display chest freezer

The IDB glass lid chest freezer offers a solid construction with an alu frame to the front and rear. The slightly curved glass sliding lids come with sturdy black handles that double as the ends of the top frame, sealing the unit nicely and preventing air slipping in and out.

The IDB display chest freezer has an amazing interior LED lighting located at the front, ideal for highlighting your frozen goods, and it comes with a full set of baskets and a scanner profile as standard. It is mounted on castors for mobility.
