- Ventilated cooling
- Adjustable shelves
- Hinged glass doors
- Perfect display for frozen foods
- Triple glazed insulated glass
- Heated glass to help prevent condensation
- Digital controller and temperature display
- Vertical LED interior light with switch

### 2 door display freezer

The Atom Maxi range of glass door freezers is available in 1 to 3 door options. This variant comes with one more shelf and two screw down feet. Edge to edge "frameless" self-closing glass doors together with excellent storage capacity make it ideal for all types of frozen food display. The canopy-less design makes it a favourite choice for shopfitters for use in convenience stores, delis and butchers where a frozen selection gives customers extra choice. A fully automatic refrigeration system ensures the unit will not ice-up under normal conditions, while vertical LED lighting on the interior help present the produce to customers in the best light. The Atom Maxi provides a competitively priced solution to introduce frozen food to your customers. There is also a matching chiller option available and the unit is often used alongside the Galaxy+ multideck.
