The TEFCOLD SFI range is ideal for supermarkets and convenience stores. Available in three widths to maximise space within retail areas, the SFI is a versatile cabinet featuring automatic defrost to help keep the display space clean and free from ice build-up. An adjustable height base enables you to maximise the display space to suit stock requirements, whilst the units can be set as chiller or freezer to enable the retailer to adapt to seasonal variations and adapt to food trends. Energy efficiency and reliability is maximised by the use of variable speed compressors on the refrigeration system that adapt to environmental conditions and help reduce energy consumption. A head case is available if you want to create an island.
