- Stainless steel exterior and interior
- Access from front and rear
- Suitable for 20-tray trolleys (not included)
- Ventilated cooling
- Digital controller and temperature display
- Automatic defrost
- Climate class 5 for high performance in warm surroundings

### Roll-Through Chiller for catering settings

The TEFCOLD RTC Roll-Through Chiller is tailored for professional kitchens. Its 304-grade stainless steel construction ensures durability, while ventilated cooling keeps your prepared dishes fresh and ready to serve. Designed to accommodate 1 x GN2/1, 1 x 600x400mm or 2 x GN1/1 20-tray trolleys (sold separately), it's perfect for bakeries, events, buffets and catering settings. Its robust design withstands busy kitchen environments, while doors on both sides provide seamless access between the kitchen and serving area. With functionality, durability, and accessibility, it's an indispensable asset for professional culinary establishments.
