

UDB-F500V-WW1

Tabletop Freezer

Product Features

- Integrated handle
- Internal LED light
- Adjustable shelves
- Ventilated cooling
- Automatic defrost
- More color options available

Tabletop freezer with glass door

The UDB-F500V attracts maximum attention despite its compact size. The heated glass door and brilliant LED lighting perfectly showcase your frozen treats. Supported by the electronic controller and automatic defrosting, the unit remains efficient at all times, while the ventilated cooling system guarantees a consistent temperature and ensures that goods are always stored at optimal conditions. The adjustable shelves offer complete flexibility for different product ranges, and thanks to its compact design, integrated handle, and variable color options, the freezer fits seamlessly into any shop design. In short: the UDB-F500V transforms even the smallest of spaces into a strong sales area.
