

TD50A

Minibar Drawer

Product Features

- Compressor operated cooling system
- Low energy consumption
- Low noise operation
- SLEEP-mode function for silence period
- Great product presentation
- LED interior light

The TD minibars are a great option for hotel rooms and meeting rooms. Featuring a quiet compressor that operates on a timed schedule, it achieves optimal temperatures with shorter pull-down times than absorption operated minibars. These units can be set to operate for two periods of the day, meaning they are silent at other times. The drawer layouts provide guests with a clear view, streamlining their search for snacks and drinks. Additionally, neat inner drawers offer extra space, perfect for storing smaller items like chocolates and bottles.

Measures and Content
