Net Volume	l	230
Gross / Net Volume	l	230
Gross / Net Weight	kg	220 / 180

Design and Material

Tempered glass	Yes
Feet / Legs	Adjustable Feet
Interior Light	LED
Exterior Finish	Black RAL9005
Interior Finish	Stainless Steel

Cooling and Functions

Type of Controller	Electronic	
Type of Cooling	Ventilated	
Type of Defrost	Automatic, electric	
Refrigerant	R290	
Refrigerant Charge	g	130
Thermometer	Yes	

Power and Consumption

Max Ambient	25°C at 60% RH	
Annual Energy Consumption	kWh/year	1606
Energy Consumption	kWh/24h	4.4
Input Power	W	310
Voltage / Frequency	V/Hz	220-240/50
Noise Level	dB(A)	60

Dimensions

Internal Dimension (WxDxH)	mm	900 x 545
External Dimension (WxDxH)	mm	x 1120 x 1190
Packed Dimension (WxDxH)	mm	1500 x 1250 x 1400 mm
40ft Container Load	pcs	8

Digital controller

Bumper bars

This SOCA corner module is designed specifically for creating complete counter solutions, combining with other serve over counters from the same range. If you require a 90° rounded corner, it's also possible to combine two of these 45° corner modules together. This specific model is narrow out towards the customer with the wider area towards the staff side. We also offer a model with the opposite dimensions, depending on the way you'd like your counter to turn.

This high-quality serve over counter presents a sleek design featuring anti-mist glass, LED top lighting, as well as a spacious stainless steel deck that stays chilled - thanks to ventilated cooling and airholes on the rear of the deck. It's ideal for both butcher shops and delis looking to create a striking display space. As well as it's aesthetic design, it's practical and easy to clean with a stainless steel interior and front glass that lifts upwards and stays in place during cleaning. Be aware that if the corner module is installed along with another SOCA counter, you cannot open the front glass on both units at the same time or you risk ruining the glass. Only suitable for use alongside SOCA counters, this can be multiplexed.
