

TD50C

Minibar Drawer

Product Features

- Compressor operated cooling system
- Low energy consumption
- Low noise operation
- Great product presentation
- LED interior light
- No front/handle - ready to be build in
- SLEEP-mode function for silence period

Minibar drawer for integration into existing décor

The TD minibar drawer is a great choice for hotel rooms. It has a low energy consumption, which helps keep running costs down. The minibar cooler has an efficient and low-noise compressor operated cooling system. The compressor operated cooling system is a must for warmer surroundings, as they secure a lower temperature level as well as a shorter pull-down time compared to absorption operated minibars. The drawer design gives a great overview of the content, so guests can quickly find the snacks or cold beverages, they are looking for. It even has a small pull-out drawer within, for e.g. small chocolates and bottles. The TD50C has no front/handle, as it is made specifically for full integration into the existing décor. Fit the minibar drawer into for example a nightstand and offer your hotel guests easy access to all their favorite snacks and beverages.

Measures and Content

Temperature Range	°C	+5 to +12
Climate Class		4
Gross / Net Weight	kg	24 / 22
Gross / Net Volume	l	52 / 45

Design and Material

Feet / Legs		Adjustable feet
Exterior Finish		Black
Interior Finish		White
Interior Light		LED
Lock		No

Cooling and Functions

Type of Controller		Electronic
Type of Cooling		Static
Type of Defrost		Automatic
Refrigerant		R600a
Refrigerant Charge	g	20
Thermometer		No

Power and Consumption

Energy Class		G
Energy Consumption	kWh/24h	0.29
Annual Energy Cons.	kWh/year	106
Input Power	W	40
Voltage / Frequency	V/Hz	220-240/50
Noise Level	dB(A)	38

Dimensions

Internal Dimension (WxDxH)	mm	470 x 395 x 332
External Dimension (WxDxH)	mm	550 x 508 x 420
Packed Dimension (WxDxH)	mm	590 x 520 x 470
40ft Container Load	pcs	430

Extra drawer for easy overview
