Dual temperature scoop ice cream freezer

The Delta RV is a premium gelato display that optimizes space with its compact design, occupying just 1276mm by 819mm while accommodating 12 Napoli pans. Its dual-zone refrigeration system allows for serving ice cream, gelato, or sorbets at the desired temperature (six pans per zone, equipped with separate temperature controllers and displays). Convenient night storage covers slide into the rear when not in use, preserving product quality overnight without removal from the cabinet. For proper operation, empty, defrost, and clean the unit weekly or more frequently as needed. Overall, this ventilated scoop ice cream freezer offers a high-quality and space-saving design.
