Gross / Net Weight	kg	200 / 160

Design and Material

Tempered glass	Yes
Feet / Legs	Adjustable Feet
Interior Light	LED
Exterior Finish	Black RAL9005
Interior Finish	Stainless Steel

Cooling and Functions

Type of Controller	Electronic	
Type of Cooling	Ventilated	
Type of Defrost	Automatic, electric	
Refrigerant	R290	
Refrigerant Charge	g	130
Thermometer	Yes	

Power and Consumption

Max Ambient	25°C at 60% RH	
Annual Energy Consumption	kWh/year	1445.4
Energy Consumption	kWh/24h	3.96
Input Power	W	610
Voltage / Frequency	V/Hz	220-240/50
Noise Level	dB(A)	60

Dimensions

Internal Dimension (WxDxH)	mm	900 x 545
External Dimension (WxDxH)	mm	x 1120 x 1190
Packed Dimension (WxDxH)	mm	1400 x 1250 x 1400 mm
40ft Container Load	pcs	8

Digital controller

Bumper bars

This SOCA corner module is designed to create complete counter solutions in combination with additional serve over counters from the same range. If you want to opt for a 90° rounded corner, you can combine two of these 45° corner modules. This specific model has the wide side visible to the customer whilst being more narrow on the staff side. We also offer a model which has the opposite dimensions, so you can set things up depending on the way you'd like your counter to turn. To maximise your space and customer experience.

This high-quality serve over counter offers a sleek design and features anti-mist glass, LED top lighting, and a spacious stainless steel deck that stays chilled, thanks to ventilated cooling and airholes on the rear of the deck. It's ideal for butcher shops and delis looking for gorgeous display space. In addition to its good looks, it's also practical and easy to clean with a stainless steel interior and front glass that lift upwards and stays in place while cleaning. Be aware that if the corner module is installed along with another SOCA counter, you cannot open the front glass on both units at the same time or you risk ruining the glass. Only suitable for use alongside SOCA counters, this can be multiplexed.
