Max Ambient		+25°C, 60% RH
Energy Consumption	kWh/24h	5.47
Annual Energy Consumption	kWh/year	1997
EEl	%	13.5
Power		13 Amp
Input Power	W	419
Voltage / Frequency	V/Hz	220-240/50
Noise Level	dB(A)	55

Dimensions

External Dimension (WxDxH)	mm	1955 x 750 x 2005
Internal Dimension (WxDxH)	mm	1875 x 544 x 1562
Packed Dimension (WxDxH)	mm	2000 x 770 x 2320
40ft Container Load	pcs	12

Introducing the TEFCOLD Galaxy+ FGD (Full Glass Door) range: part of our popular range of plug-in multidecks. We've combined an expanded display area and optimised cabinet efficiency with frameless, full-vision glass doors, offering enhanced product visibility that captures customers' attention. The ultra-low front and slim top canopy provide an extra 100mm of internal height, accommodating up to 5 shelves (plus base) as standard, all while maintaining an overall height of just 2005mm. With a standard depth, the unit fits through most doors for easy installation, yet has deep shelves for maximum stock capacity. Thanks to the carefully designed refrigeration system and optimal airflow throughout the cabinets, all sizes in this range are rated B for energy efficiency. Each unit comes with heavy-duty adjustable shelves that can be tilted if needed, as well as EPOS ticket strips and shelf risers as standard. Optional extras include glass end-walls and multiplexing kits.

Please note: The unit is delivered without handles and rear stand-offs attached, and will fit through 750mm door.

Shelf risers and ticket strips
