Remote Multideck

These remote multidecks are a great option for maximising your display space, helping to reduce the impact of both noise and heat. Available in 4 sizes. You can multiplex these units, with use of a kit, this allows you to create an even larger display size. A large display area creates impressive product presentation with high-capacity vertical merchandising. Stock up with a variety of chilled products with even temperature distribution across all shelf levels. Illuminated by LED lighting. This also enhances the display impact, whilst the energy-efficient operation and modular construction allows for seamless continuous line-ups. Important - an additional remote refrigeration system is required. 2 year parts warranty only.
