- Great branding possibilities
- Digital thermometer
- Castors with brake
- Climate class 5 for high performance in warm surroundings

Elegant chest freezer with curved sliding glass lids

The NIC-SCEB range is a compact display chest freezer in an elegant design. It has curved corners, rounded edges and curved sliding glass lids. It is a very stable and solid build, but at the same time on wheels so that it is easy to change location in the shop. It comes in many sizes, which makes this model perfect for smaller shops and delis with limited space as well as larger shops, gas stations, supermarkets etc. All sizes are environmental friendly and can be branded for better presentation of the cabinet content. The SCEB-range is with a lower front than back and curved sliding glass lids. Both features provides a better visual display and presentation of the content. This makes the freezer ideal for display of frozen food including ice cream and lollies. Temperature can be held around -14°C for ice cream or around -21°C for other frozen foods. All sizes have glass lids with a lock for security. They also have a defrost drain for cleaning out the unit.
