- Black finish
- Ventilated cooling
- Anti mist front glass
- Multiplexing kit as accessory
- LED top light
- Stainless steel bumper bars
- Excellent product visibility
- Glass front lifts up for easy cleaning
- Stainless steel rear shelf

90° corner module for serve over counter

This SOCA corner module is designed for creating complete counter solutions in combination with other serve over counters from the same range. This specific model is narrow out towards the customer and more wide towards the staff side. We also offer a model with the opposite dimensions, depending on which way you would like your counter to turn.

This high-quality serve over counter offers a sleek design featuring anti-mist glass, LED top lighting, and a spacious stainless steel deck that stays chilled thanks to ventilated cooling and airholes on the backside of the deck. It's ideal for butcher shops and delis looking for gorgeous display space. In addition to it's good looks, it's also practical and easy to clean with a stainless steel interior and front glass that lift upwards and stays in place while cleaning. Be aware that if the corner module is installed along with another SOC counter, you cannot open the front glass on both units at the same time or you risk ruining the glass.

Measures and Content

Total Display Area	m²	1.07
Temperature Range	°C	0 to +4
Climate Class		3
Net Volume	l	345
Gross / Net Volume	l	/ 345
Gross / Net Weight	kg	235 / 190
