

Galaxy+ GP26FGD Black

Multideck With Doors

Product Features

- EU Energy Class B
- Can be multiplexed - Create uninterrupted continuous line
- Frameless glass doors for great product visibility
- Adjustable shelves (can be tilted)
- Heavy duty shelving with strengthening bar
- Ticket strip and acrylic front riser as standard
- Self-closing doors
- Stainless steel bumper bars
- Ventilated cooling
- Can be multiplexed with kit (POA)
- Solid 40 mm endwalls with mirrored interior

Introducing the TEFCOLD Galaxy+ FGD (Full Glass Door) range: our latest innovation in plug-in multidecks. We've combined an expanded display area and optimized cabinet efficiency with frameless, full-vision glass doors, offering enhanced product visibility that captures customers' attention. The ultra-low front and slim top canopy provide an extra 100mm of internal height, accommodating up to 5 shelves (plus base) as standard, all while maintaining an overall height of just 2005mm. With a depth of only 750mm, the unit fits through standard doors for easy installation, yet has 400mm deep shelves for maximum stock capacity. Thanks to the carefully designed refrigeration system and optimal airflow throughout the cabinets, all sizes in this range are rated A or B for energy efficiency. Each unit comes with heavy-duty adjustable shelves that can be tilted if needed, as well as EPOS ticket strips and shelf risers as standard. Optional extras include glass end-walls and multiplexing kits.
