Product Features

- Sloping display for excellent presentation
- Curved sliding lids with lock
- Includes full set of baskets
- LED interior light
- Ideal for branding
- Digital thermometer
- Castors with brake
- Climate class 5 for high performance in warm surroundings

Sliding Curved Glass Lid Chest Freezer

An excellent choice of sliding glass lid chest freezers, similar to the IC-SC range but with a sloping top for a better visual display and curved lids which always look better. Ideal for display of frozen food including ice cream and lollies. Sturdy heavy duty castors are fitted to enable easy movement of the cabinet, two of the four castors are lockable. Excellent adjustment of the temperature means you can hold a temperature around -14°C for ready to serve ice cream, or down to -24°C for other frozen food. The unit comes with a lock as standard and a defrost drain for easy cleaning. The unit also has a fan assisted condenser for efficient operation. A full set of baskets with dividers supplied as standard (except IC101SCEB which does not come with dividers). A firm favourite with many ice cream companies. (A glass canopy version for scooping ice cream is also available).

Measures and Content

Temperature Range	°C	-24 to -14
Climate Class		5
Gross / Net Weight	kg	114 / 96
Gross / Net Volume	l	540 / 481

Design and Material
